

GoodSearch and GoodShop

"Helping those in need is only a click away."

Imagine if every time you surfed or shopped on the Internet, you earned money for WRACS. With each search you launch on **GoodSearch.com**, **about one cent** goes to WRACS simply by selecting WRACS from the database. When you shop through **GoodShop**, the retailer **will donate about 3% of your shopping dollar** to WRACS.

GoodSearch and the new GoodShop are similar to buying scrip in that we make money by searching and shopping on the Internet without costing us anything. It is free money and if we have 1000 users, we could make \$22,300/year as a system.

The people at GoodSearch ask that supporters use the site honestly. As long as you make searches just as you would any other search engine, it is never a problem. Fraudulent searching includes repeated manual clicks, the use of robots or other automated query tools or repeated linking to sites for which the URL is well known such as HotMail, GMail, etc. Fraudulent searching will result in the charity being de-listed.

To set your **homepage to goodsearch**, type <http://www.goodsearch.com/?charityid=826131> in the address bar (**the charity id number sets the homepage to wracs**). Go to Tools | Internet Options | Click on Use Current. You should see the address of GoodSearch appear in your homepage.

GoodShop, an **Internet shopping portal** is to the right on the GoodSearch homepage. Click on who do you GoodShop for. Use the links on the page to shop through to your favorite stores. It's that easy.

If you have any questions about GoodSearch or GoodShop or about setting your homepage to GoodSearch and downloading the toolbar, please e-mail kpeters@wracs.org. Thank you.
